Oasis Design Group Principal and Mayor of City of Wilmington, Delaware,
to Speak about “Revitalization of the Wilmington Waterfront” at
American Society of Landscape Architects PA-DE Annual Meeting April 21

BALTIMORE—Scott C. Scarfone, ASLA, PLA, Founder/Principal at [Oasis Design Group](#), and Mike Purzycki, [Mayor of the City of Wilmington, Delaware](#), will present “Revitalization of the Wilmington Waterfront” at the [Pennsylvania-Delaware Chapter of the American Society of Landscape Architects Annual Meeting](#) April 21 from 8-9:30 a.m.

They will discuss the 20-year [revitalization of Justison Landing](#), a vibrant, urban mixed-use riverfront redevelopment on a former 33-acre brownfield site in Wilmington, Delaware. Oasis Design Group, a landscape architecture, master planning and urban design firm, has been the lead urban designer and landscape architect, for Justison Landing since the project's inception. Oasis has worked with developers, engineers, [Riverfront Development Corporation of Delaware](#) and the [Delaware Department of Transportation](#) on the redevelopment. The project included new commercial, office and retail spaces; a plaza and park; people-friendly connections to the Christina River; and more than 2.4 miles of new streetscape treatments.

Oasis will also lead a walking tour “Urban Riverfront Revitalization” with Nancy Bergeron, Director at [RK&K](#), April 21 from 2:15-4:30 p.m.

[Online registration](#) is available and a copy of the [sessions](#).

Doubletree by Hilton Downtown - Wilmington, DE

Friday, April 21

REGISTRATION	7:00 - 9:00 am
BREAKFAST & OPENING REMARKS	7:00 - 8:00 am
GENERAL SESSION	8:00 - 9:30 am

Revitalization of the Wilmington Waterfront

MIKE PURZYCKI, MAYOR, CITY OF WILMINGTON & SCOTT SCARFONE, PLA, ASLA, FOUNDER/PRINCIPAL, OASIS DESIGN GROUP

Learn about the history of the twenty year revitalization of Justison Landing, a 33-acre brownfield site once home to tannery and ship building facilities in Wilmington Delaware. Landscape architects worked with developers, project engineers, Riverfront Development Corporation of Delaware, and the Delaware Department of Transportation to create housing opportunities that support new commercial, office, and retail spaces at this urban riverfront. Lecture will highlight the design partnerships that yielded a plaza and park, people-friendly connections to the Christina River, and more than 2.4 miles of new streetscape treatments.
